

10-1-20, 10am, Online Webinar, Plant Hormones – Knowing and Managing Them for Better Results

Garden Event

Day(s), Date(s)

10-1-2020

Time(s) of Event

10 AM

Name of Event

Plant Hormones: Knowing and Managing Them for Better Results

Description

Ernesto Sandoval, Director of UC Davis Botanical Conservatory, will present his wonderful program. Wonder how a banana knows when to ripen or why your plant has a sudden burst of growth after transplanting? Find the answers to these questions and many others during this informative and not-so-technical Zoom presentation.

Cost

Free Zoom Meeting, but you must pre-register.
