Garden Event

11-10-26, 7pm, Possum In Your Garden? with Carrie Anderson, Costa Mesa 92626

Description = The Orange County Organic Gardening Club hosts Carrie Anderson discussing living with opossums, including:
- Meet your garden neighbor
- Why an opossum might visit your garden
- The surprising benefits
- Are opossums dangerous?
- Protecting your garden

Opossums are a benefit to any garden they inhabit. Their diet includes all types of bugs and insects. They love snails. They also eat mice and rats, and overripe, rotting fruit that has fallen from trees. The opossum helps keep our gardens clean and free of harmful garden pests and rodents, earning the title of “Nature’s Little Sanitation Engineer.”

Cost = Free

Location = Centennial Farm in the Orange County Fairgrounds, 88 Fair Drive, Costa Mesa 92627.
