

Garden Event

11-16-20 through 11-20-20, 3-5pm, Online Webinar, Los Angeles Biodiversity Symposium

The symposium runs for 2 hours a day over the course of 5 days from November 16-20, 2020.

Please join Association of Professional Landscape Designers Greater Los Angeles (APLD) and LA Sanitation & Environment (LASAN) for a deep dive into the issues surrounding Biodiversity to which the future of our ecosystem, health, economy and environmental function are all integrally linked. We are fortunate to live in one of only 36 Biodiversity Hotspots on the planet, however signals of extinctions and loss are building. We have assembled a diverse group of experts to inform and educate on this subject. Garden by garden, park by park, we can take steps to change the narrative of environmental degradation and preserve our biodiversity.

Cost = \$10-60
