

2-20-25, Offer of Gardening Labor, Part-Time, Los Angeles, no deadline stated

I currently have a job but cannot go to work now because of the flood and mudslide in the Malibu area. I could do gardening work for you now for five days a week. When I go back to work, I could talk to my supervisor about my schedule to also continue gardening work for you. My rate is \$17.50 per hour. My gardening abilities include cleaning, mowing the lawn, edging, pruning, and watering. If you want me to do something else, I'm willing to learn to do it.
