

## Garden Event

3-16-24, 9-11am, Seed Mosaics, Santa Monica 90404

Description = How often do you get to make an art project that can be planted, grown, eventually eaten and certainly composted? Join us for our March Pancakes in the Park and get your artistic side on as we create Seed Mosaics! Fun for toddlers, teens, twenty-somethings and totally retired folks. In addition to seed art, we will also be starting summer 6-packs. Want to help with a Santa Monica Seed Starting Project? Our garden always has something new - sugar snap peas to pick, Fava bean plants that are 4 feet tall, Chalk Murals by a local artist, and a new twist on the old favorite - orange zest and blueberry pancakes. Come get dirty with us or stay clean and just have a cup of coffee. A reminder this is a Zero Waste Event. Bring your own plates, drink ware and eating utensils -- we will no longer have paper products available for use.

Cost = Free

Location = 2909 Exposition Blvd, Santa Monica 90404
