

Garden Event

5-10-25, 12-4pm, Community Soil Testing and Post-Fire Resource Event, Altadena 91001

Description = In the aftermath of the Eaton Fire, this free public event brings community members together to test soil samples, learn about post-fire recovery, and contribute to a growing regional data set on burn scar recovery. The event aims to empower residents through science, foster resilience, and offer actionable, healing resources through local partners. Master Gardeners will have University of California hand out materials as well as onsite scientists to assist with deep inquiries, including:

- ✦ Experience with compost, bonus if knowledge with UCanr bioremediation—contaminant mitigation
- ✦ Fire-scaping
- ✦ Growing food post fire
- ✦ Orchard team or knowledge with grafting and saving trees soon to be destroyed
- ✦ Support for local efforts with Grow Altadena propagating, Free Seed Library, and general MG outreach
- ✦ Disaster Support Team (Lead: Cole)

Cost = Free

Location = Grocery Outlet Parking Lot, 2270 Lake Avenue, Altadena 91001
