

Garden Event

6-23-22 through 9-1-22, Thursdays, 6:30-9:30pm, Zoom, Gardening Practices and Techniques, UCLA Extension Course

Description = This course offers a practical introduction to the basics of maintaining a home garden. Students gain knowledge in tool selection and care, soil preparation, planting, plant nutrition, and water requirements. Topics include common landscape problems with organic and holistic solutions; our special climate and micro-climates, including sun and shade exposures; various pruning techniques; types of irrigation systems; gardening in containers; and gardening with color including perennials, annuals, and bulbs.

Cost = \$650
