

Job Search

6-8-21 Looking for Part-Time, Habitat Project-Based Work

Job Title

Part Time / Project Based Habitat Creation Assistance

Agency

Landscaper/Habitat Restoration Etc.

Location

North East Los Angeles

Pay Rate

Flexible

Responsibilities

- I live on the east side of Los Angeles and am looking for some part time work relating to habitat restoration, landscaping, etc. - anything involving hands-on plant work!
- I am passionate about creating spaces for wildlife habitat alongside human enjoyment, and am looking to learn from someone who does the hands-on work.

Required Knowledge, Skills and Abilities

- I have several years of nursery experience with plants in a retail setting and recently graduated from UCLA's Horticulture Extension program.
- I am looking to get some experience in the field, and am only looking for something part-time or project-based, preferably on the east side of Los Angeles.

Application Mode

Please contact me with any opportunities and we can discuss hours and pay rate.

Resume provided upon request.
